### *DataOnline on M2M radio with Technical Gas Products*

**Berkeley Heights, NJ – January 19<sup>th</sup>, 2010.** DataOnline, an M2M 100 company, together with one of their customers, Technical Gas Products, were interviewed today on the Peggy Smedley Show (<http://www.m2mmag.com/peggysmedleyshow>) on M2M radio, an internet radio show focusing on the M2M world.

To listen to these interviews, go to <http://wsradio.com/internet-talk-radio.cfm/shows/The-Peggy-Smedley-Show/archives/date/selected/01-19-2010.html>

Robert Barnacle, president, DataOnline LLC, discusses the company's remote monitoring solutions and some of the major industry verticals that DataOnline serves, such as the industrial gas industry. He also talks about how DataOnline is a one-stop-shop for each aspect of an entire M2M solution, which is what differentiates them from the competition.

Following this Robert Barnacle and Tom Mason, president and founder, Technical Gas Products Inc., talk about how Technical Gas Products is using DataOnline's remote monitoring technology to improve the delivery of its oxygen tanks to its customers. Mason explains the factors that resulted in him selecting DataOnline's solution over the competition as well as the success they have seen with the solution thus far.

### **About DataOnline**

DataOnline® is a leading global provider of M2M (Machine To Machine) solutions specifically for the monitoring of remote fixed and mobile industrial assets. DataOnline specializes in robust and reliable hardware, data acquisition, wireless communications and advanced Web based information management services. Our total end-to-end solutions are quick, easy and cost effective putting you in control with the power to continuously monitor, assess and manage your remote assets via the Internet. From logistics to maintenance and environmental compliance to sales, DataOnline has the right monitoring solution for your business application.

DataOnline has offices in the US, Europe & Asia and a global network of representative companies.

DataOnline® is a registered trademark of DataOnline LLC.

## **About Technical Gas Products**

Technical Gas Products, Inc. is in the delivery and distribution of Respiratory and Oxygen Services business, specializing in the Long Term Care Health Care facility market.

Technical Gas Products has been a market leader in long term respiratory care since 1993. But in 1999, when the cutting-edge technology of the O2Safe System was developed, they stepped out way ahead of the pack.

With a patented, state-of-the-art system, O2Safe Solutions redefined the way USP grade medical oxygen was delivered to long term care facilities. Taking an innovative approach and providing a helpful, effective response to our customers' needs and concerns, Technical Gas Products has become recognized as the finest service-oriented supplier and responsive business partner with dozens of sub-acute, general respiratory, rehabilitation, and convalescent facilities throughout the northeast.
