### Chart Announces Next Generation Cyl-Tel Gauge for Microbulk Market in Cooperation with DataOnline

CLEVELAND, March 5, 2008 (PRIME NEWSWIRE) -- Chart Industries, Inc. (Nasdaq:GTLS) Distribution and Storage Group ("Chart D&S") announced today its next generation Cyl-Tel electronic level indicator and telemetry device designed exclusively for the Chart D&S Perma-Cyl(r) product line. Developed in cooperation with **DataOnline LLC ("DataOnline")**, located in Berkeley Heights, NJ, the new Cyl-Tel Universal gauge has a modular design that allows the user to select the level of technology needed for each installation.

Optional cellular radios and hard-wired phone modem circuits are available directly from DataOnline to upgrade the Cyl-Tel Universal gauge to a Cyl-Tel(2) gauge. Additionally, the DataOnline hard-wired phone modem can be purchased pre-installed in the Cyl-Tel Universal gauge on new Perma-Cyl tanks from Chart D&S's manufacturing facilities. Once upgraded, the Cyl-Tel(2) transmits to a secure website hosted by DataOnline for easy tank level retrieval.

For more information on the Cyl-Tel gauge please contact Chart D&S at 800-400-4683 or DataOnline at 908-464-2646 (Extension 23). Or visit the following web-sites: <http://www.microbulk.com> or <http://www.dataonline.com> .

## **About DataOnline**

DataOnline® is a leading global provider of M2M (Machine To Machine) solutions specifically for the monitoring of remote industrial assets. DataOnline specializes in robust and reliable hardware, data acquisition, wireless communications and advanced Web based information management services. Our total end-to-end solutions are quick, easy and cost effective putting you in control with the power to continuously monitor, assess and manage your remote assets via the Internet.
