DataOnline to exhibit at the Remote Monitoring Show in Scottsdale, AR.

Berkeley Hts., NJ – August 4th, 2007.

DataOnline is pleased to announce that it will be exhibiting at the Remote Monitoring Show in Scottsdale, AR, November 6-7 2007.

This is the 2nd year for DataOnline to attend this Show and the 2nd time it has partnered with Endress+Hauser (www.endress.com) in the booth.

“The relationship with Endress+Hauser has grown over many years, and we feel it is the perfect partnership to develop Remote Monitoring Solutions for industrial applications.” commented Robert Barnacle, President of DataOnline. “The Endress+Hauser portfolio of sensors is second to none and when integrated with our range of DataPort™ wireless devices and web applications we have an unbeatable combination of value and functionality.”

Remote Monitoring & Networking 2007 will focus on the leading advancements for the monitoring and management of distributed equipment and facilities, remote assets, automated process & system controls and device networks. Large-scale users and industry experts will speak on SCADA, security, control, automation, M2M, networking, telemetry and condition monitoring. The venue is the Radisson Ft. McDowell Resort and Casino, Scottsdale, AR.
